Introduction

Welcome to GIO Platinum Home & Contents Insurance

Why is this document important?

This Product Disclosure Statement (PDS) is an important legal document that contains details of your home and contents insurance. Before you decide to buy insurance from us, please read this PDS through and then keep it, together with your certificate of insurance, in a safe place.

The information in this PDS was current at the date of preparation. We may update some of the information in the PDS that is not materially adverse from time to time without needing to notify you. You can obtain a copy of any updated information by contacting us on **13 10 10**. We will give you a free paper copy of any updates if you request them. If it becomes necessary, we will issue a Supplementary PDS (SPDS) or replacement PDS.

Cooling off period

After you take out this insurance or renew your policy for another period of insurance, you have **21** days to consider the information in your PDS. This is called the cooling off period. If you wish, and provided you have not made a claim, you can cancel your insurance within **21** days from the day cover began or was renewed. We will then refund in full any money you have paid.

Who is this product designed for?

This insurance product is specially designed to provide cover for quality homes and contents. If you live in a house, unit, apartment or flat, you can choose a policy depending on your circumstances and what you want to cover. Minimum levels of sums insured apply – please ask us for details.

This policy does NOT insure investment homes or contents in investment units e.g. a home or unit let to your tenants. Instead, you can choose to apply for our Investor Home & Contents Insurance.

Your full and correct disclosure of facts

You must comply with the duty of disclosure (see meaning on page 72) when you apply for this insurance. We will ask you for information about your home, your contents and yourself, which is used by us to consider your insurance application and calculate your premium. You must answer our questions honestly and tell us anything you or a reasonable person in the circumstances would include in their answer. Your answers apply to you and anyone else to be covered by the policy.

More than one named insured

If there is more than one named insured on your certificate of insurance, we will treat a statement, act, omission, claim or request to alter or cancel your policy made by one as coming from all those named as insured on your certificate of insurance.

About your sum insured

What is a sum insured?

The sum insured is the most you can claim for any one incident. The amount is shown on the certificate of insurance or in this PDS. The sum insured includes GST and any adjustment you are entitled to under additional feature 21 (automatic adjustments to the sum insured) on page 36.

Make sure your sum insured is adequate

Underinsurance can expose you to serious financial loss if a claim occurs. Make sure your home and contents are insured for their full new for old replacement value and it is your responsibility for deciding the amount of your sum insured.

Review your sum insured regularly

To ensure your sum insured is adequate, it is important to review it regularly and ask us to change the sum insured when required.

New replacement prices are constantly changing, especially for jewellery, valuables, photographic, computer, audio and visual electronic goods.

If you upgrade the size and standard of your home, it may increase the cost to rebuild your home. Your sum insured will need to reflect these types of changes.

If you over-insure

We will not pay more than it costs us to rebuild, repair or replace.

We will not refund any premium overpaid for over-insuring so it's a good idea to constantly review your sums insured.

Goods and Services Tax (GST)

Sums insured, limits and the most we pay stated in this PDS and on your certificate of insurance include GST.

About your premium

The premium is the amount you pay us for this insurance. You also pay stamp duty, GST, any government charges and fire services levy that applies.

In addition to your sum insured, we use many factors about you and your home and contents to work out your premium. These are called premium factors. The premium factors we use reflect the likelihood of you making a claim together with other factors related to our cost of doing business.

Each time you renew your insurance your premium is likely to change, even if your personal circumstances have not changed. This is because premiums are affected by other things such as our expenses of doing business and changes in our approach to how we calculate your premium.

In addition to the factors we use to calculate your premium, the discounts you qualify for also affect your premium. Your premium includes any discounts you qualify for and these are applied before adding applicable government charges.

More details

For further details on how we work out your premium and for information about the discounts you may be eligible for, please refer to our Premiums, Excesses, Discounts and Claim Payments Guide available at gio.com.au/moredetails. A copy of this guide can be provided to you on request, at no charge, if you contact us on 13 10 10.

Paying your premium

We will tell you how much you have to pay and how much time you have for payment on your certificate of insurance. You must pay the premium by the due date to be covered by this policy.

Unless we tell you, any payment reminder we send you does not change the expiry or due date. If you do not pay the premium and other charges in full, we may reduce the period of insurance so it is in line with the amount you paid.

You can pay your premium in one annual payment or by monthly instalments.

Paying premiums annually

If you do not pay your premium by the due date, we will give you a written notice of policy cancellation where we are required at law to do so.

If you pay your premium late, we may reject your payment and your policy will cease from the due date. If we accept your late payment, we might re-commence your cover from the date we receive your payment. If so, you will have no cover for the period from the due date until the date of payment.

Paying premiums monthly

If you pay your premium by monthly instalments and your payment is overdue, we can:

- › refuse to pay a claim if payment is **14** days (or more) late **and**
- › cancel your policy without notifying you if payment is **1** month (or more) late.

If you pay by the month we charge a fee of **\$3.50** each month as part of your premium and this is included in your monthly payment.

Proof of ownership and value

When you make a claim we may ask you to give us proof of ownership and value for what you are claiming for. This is especially important for valuables and items listed on your policy, as well as electrical appliances and furnishings.

We understand it is not practical to keep proofs for every household item you own. However, there are some items where we will reduce or refuse a claim unless you have proof of ownership and value. For full details refer to pages 53 to 57.

Limits on contents cover

The most we will pay for any one insured incident is the sum insured shown on your certificate of insurance. However, for some items, we will only pay up to the limits shown in the following tables. There are two types of limits: fixed and flexi-limits.

Fixed limits

Items below have fixed limits and the **limits cannot be increased**.

Fixed limits apply to:	Limits for any one insured incident
Home office equipment	up to \$20,000 in total
Tools of trade and equipment used for a business activity (not 'home office equipment')	up to \$5,000 in total
Refrigerated or frozen food and medicines	up to \$2,000 in total
Uncut and unset gems, gold or silver nuggets and ingots (not jewellery)	up to \$1,000 in total
Cash, smart cards, phone cards and documents able to be cashed	up to \$500 in total
Options	the amount or limit shown for that option (see pages 37 to 38)
Additional features	the amount or limit shown for that additional feature (see pages 18 to 36)

Flexi-limits

Flexi-limits are shown in the table below. You can choose either Essential or Essential Plus limits for your cover. Essential limits will apply unless you ask us for Essential Plus and you pay the extra premium that applies. Your choice of Essential or Essential Plus will be shown on your certificate of insurance.

Limits apply to:	Limits for any one insured incident	
	Essential limits	Essential Plus limits
Jewellery and watches	up to \$5,000 for each item or set, but no more than \$20,000 in total	up to \$10,000 for each item or set, but no more than \$40,000 in total

If you own items or valuables above the flexi-limits

You can apply to insure individual items if you own:

- › individual items worth more than the flexi-limits or
- › a number of items in the same flexi-limits category with a total value more than the flexi-limits.

For example

If you have Essential limits and you own:

- › a jewellery item worth \$10,000, you can list this item individually for \$10,000. The flexi-limit of \$5,000 per item and \$20,000 in total will apply to all other jewellery you own.
- › 3 paintings worth \$50,000 each, with a total value of \$150,000, and want more cover than the \$100,000 flexi-limit. You can list one of the paintings with a value of \$50,000 to give yourself \$150,000 cover in total for paintings.

Listing items individually

Steps	What to do	
1	Obtain an Australian valuation and proof of ownership for each item, set or collection to be insured.	You will need an Australian valuation. We might ask to see this before we accept cover.
2	Ask us to insure each item, set or collection and pay us the extra premium that applies.	If we agree to insure the item, it will be shown on your certificate of insurance. You must install extra burglary security and extra fire protection if we ask for this.
3	Keep valuations and proofs of ownership safe from theft, fire and other loss or damage. You will need to show us these if you make a claim.	For safe storage you may consider using a fireproof security box (available from some hardware retailers) or a bank safety deposit box or another safe place of your choice.

How much contents cover do you need?

Contents sum insured

You should insure your contents for the amount it costs to replace all your contents new for old. This amount is called your contents sum insured.

Some key points

Always use current prices to calculate your sum insured, not the depreciated value. This especially applies to items that are old, purchased secondhand or no longer available.

For electronic and hi-tech items

Since the prices of these items are constantly changing, the original purchase price may not be an accurate figure for the sum insured. Choose a sum insured that covers the cost to replace the technology in current prices (e.g. if a camcorder was purchased 5 years ago for \$1600 and may now be replaced for \$600, the sum insured is \$600).

For secondhand purchases

Since we replace these items new, regardless of their age or condition, insure them for the cost to replace them new in current prices. Do not insure them for the secondhand purchase price or the depreciated value.

For obsolete items

Since an obsolete item is no longer available, insure it for the cost to replace it with an item of a similar standard (e.g. if an old colour television is now obsolete, insure it for the cost to replace it with a base model in the next generation of technology with the same size screen).

What you are covered for

You can choose to insure your home and contents, or just home or just contents. Your certificate of insurance will show what covers you have.

Home cover

When you have home cover, your home is covered for accidental loss or damage which happens at the insured address and in the period of insurance, subject to the terms, conditions and limits in this policy.

Accidental loss or damage includes loss or damage from incidents you did not intend to happen, e.g. accidentally breaking kitchen tiles, scorching a bench top or breaking a window.

Contents cover

When you have contents cover, your contents are covered for accidental loss or damage which happens in the three locations shown in 'Where your contents are covered' (see page 13) and in the period of insurance, subject to the terms, conditions and limits described in this policy.

Accidental loss or damage includes loss or damage from incidents you did not intend to happen, e.g. accidentally staining carpet, breaking a glass table top or damage caused to a painting accidentally falling off the wall.

Accidental damage

Accidental loss or damage also includes loss or damage from incidents such as:

- › fire
- › storm and flood
- › lightning
- › earthquake and tsunami
- › leaking or bursting of liquid from pipes or tanks
- › theft and damage caused by thieves
- › malicious damage, vandalism and riot
- › explosion
- › impact by motor vehicles, aircraft, trees and power poles.

There are some incidents we do not insure and these are shown:

- › as 'We do not cover' in additional features and optional covers on pages 18 to 38
- › as 'What you are not covered for' on pages 39 to 50.

More details

For further details about how we pay claims under additional feature 2a. Removal of debris, please refer to our Premiums, Excesses, Discounts and Claim Payments Guide available at gio.com.au/moredetails. A copy of this guide can be provided to you on request, at no charge, if you contact us on 13 10 10.

Note	<p>The cover in safety net home protection does not increase your home sum insured. Any additional feature based on a percentage of the home sum insured does not increase.</p> <p>For example, the most we will pay for removal of debris for a home claim is 20% of your home sum insured. The sum insured for this feature is not increased as a result of having safety net home protection.</p> <p>Safety net home protection is designed to give you some extra protection against being affected by under-insurance outside your control.</p> <p>You are responsible for insuring your home for what it costs to completely rebuild it using new materials. Even though you may do this, your sum insured can still fall short if building costs suddenly surge above normal after a disaster.</p> <p>Our experience is that building costs can surge after widespread natural disasters like storms, cyclones and bushfires, causing greater demands on builders and materials.</p>
Contact us immediately if you increase the size of your home	<p>After you take out this policy, if you ever increase the size of your home (e.g. extending a room or adding a garage) you need to tell us and review your home sum insured. This is important because the cost to rebuild your home may have increased.</p> <p>If the increase to the size of your home is more than 10% and you do not contact us to appropriately adjust your sum insured, the most we will pay under this feature reduces from 30% to 15% of your sum insured.</p>

For all other items

We will decide what is reasonable proof of ownership and value depending on what you are claiming for, how old they are and their value.

When you cannot supply required proof

If you are unable to reasonably substantiate your claim, we can reduce or refuse your claim.

How to establish your loss**Establish an incident took place**

When making a claim you must be able to prove that an incident insured by your policy actually took place. If you do not do this, we will not be able to pay your claim.

Describe your loss or damage

You must also give us accurate and full details of what was lost, stolen or damaged and give us proof of value and ownership for items claimed.

When your home or contents are damaged

Usually allowing us, a repairer or an expert appointed by us, to look at what is damaged is all that is needed to prove your loss. For valuable and badly damaged items, we may ask you to provide proof of ownership and value.

How to prove ownership and value

For lost, damaged or stolen items that are no longer available for inspection, you are required to validate your claim by giving us details of when and where purchased and reasonable proof of ownership and value.

We have minimum proof requirements for items such as paintings, jewellery, electrical items and DVDs. For full details of these requirements see pages 53 to 56. We have the right to reject your claim for an item if you do not provide the minimum proof requirement for that item. We have the right to ask you for more proofs and if so, we will let you know.

Where a valuation is required, we will only accept Australian valuations.

For all other items, we will decide what is reasonable proof of ownership and value depending on what you are claiming for, how old they are and their value.

If you are unable to reasonably substantiate your claim, we can reduce or refuse your claim.

Things you must do

- allow us to inspect the damaged home or contents, including to investigate the cause of the loss and to assess your claim
- allow us to arrange for experts to assess the damaged home or contents and to quote on repair or replacement
- provide us with a quote for repair or replacement if we ask for this. If you choose to use our recommended repairers (when available), there is no need to obtain your own quotes
- consult an expert if we ask for this and provide any information the expert requests.

Your co-operation is extremely important. If you do not co-operate we may reject your claim, or we may be unable to assess and pay your claim.

Your excess

What is an excess?

An excess is the amount you have to pay for each incident when you make a claim. We will deduct the excess from the amount of cover provided by your policy for the loss. The amount and types of excesses are shown on your certificate of insurance.

The types of excesses are:

- › **Basic excess** – This excess applies to all home and contents claims except for portable or optional cover claims. You can choose your basic excess from the range we offer.
- › **Optional cover excess** – Some optional covers have their own excess. If an optional cover does not have its own excess then the basic excess applies.
- › **Earthquake and tsunami excess** – When loss or damage is caused by an earthquake or tsunami, you pay this excess in addition to any other excesses that applies.
- › **Additional excess** – Sometimes we might decide to impose an additional excess. There are a range of reasons why we might decide to impose an additional excess. If an additional excess applies it applies on top of any other excesses.

When multiple excesses apply

Depending on the circumstances, you might have to pay more than one type of excess when you claim.

One excess to pay when you claim for home and contents

If you have a claim for both home and contents for the same insured incident, we will calculate the excesses that apply to your home and contents separately. You do not have to pay both, you only pay the higher of the two amounts. You must pay the excess in full.

More details

For further details about our excesses, please refer to our Premiums, Excesses, Discounts and Claim Payments Guide available at gio.com.au/moredetails. A copy of this guide can be provided to you on request, at no charge, if you contact us on 13 10 10.

How to pay your excess

If your claim is approved, we will:

- › ask you to pay your excess to a repairer or supplier **or**
- › ask you to pay us the excess **or**
- › deduct the excess from the amount of cover for the insured loss and pay your claim.

How we settle your claim

We choose how your claim is settled

If we agree to pay a claim for loss, theft or damage to your home and contents we will decide if we will:

- › repair damage new for old **or**
- › replace home or contents new for old **or**
- › pay you what it would cost us to repair or replace your home or contents new for old.

The meaning of new for old is defined below.

We will not:

- › pay extra to replace your home or contents to a better standard, specification or quality than it was before the loss or damage occurred except as stated in 'new for old' below
- › fix a fault that existed before the loss or damage occurred.

New for old means:

› new materials, new items

we replace or repair with new items or new materials that are available at the time of replacement or repair from Australian suppliers.

› new for old, regardless of age

we replace or repair new for old regardless of age, with no allowance for depreciation.

For example, a leather lounge which was purchased 5 years ago for \$5,000 and now worth \$2,000, will be replaced with a brand new leather lounge equivalent to your old lounge when it was new. Cover is not limited to **\$2,000**.

› same type, standard and specification as when new

we replace or repair to the same type, standard and specification as when new. If the same is not available, it means of a similar type, standard and specification when new. It can be a different brand.

New for old does not:

- › include paying the extra cost of replacing or purchasing an extended warranty on any home or contents item **or**
- › mean of a better standard, specification or quality than when new.

When items may be replaced to a better standard

Refrigerators, freezers, dishwashers, air conditioners, washing machines and dryers with less than a 3 star energy rating

For these items when being replaced, new for old means replacing with a new item of equal specification and if you agree, it means replacing with a minimum 3 star energy rating if this is available. It can be a different brand.

Obsolete electrical appliances

For obsolete electrical appliances, such as outdated computers or TVs, new for old means replacing or repairing to an equal specification. If this is not available, it means to the nearest better specification available. It can be a different brand.

When items cannot be replaced new for old

Paintings, pictures, works of art, sculptures, art objects, collections, memorabilia and antiques (not jewellery)

For these items, new for old means that if the item cannot be replaced or repaired new for old, we will pay you what it would have cost to buy the item immediately before the loss or damage occurred, but we will not pay more than its sum insured for that item.

When the sum insured is not enough to pay a claim

Pro rata adjustment of the sum insured

At renewal, we will adjust your total home and contents sum insured to accommodate increases in building and replacement costs. If you make a claim part way through the period of insurance, we will bring forward this adjustment using the following formula. We will:

- + increase the sum insured by the current annual adjustment of the sum insured at the time of the loss or damage and
- subtract from this an amount for unused period of insurance.

The adjustment will not apply to any listed contents items.

For example

If your home is under-insured and is destroyed by fire after **6** months period of insurance and the current annual adjustment we are using is **10%**, then we would increase your sum insured by an annual adjustment of **5%**.

This is on the basis that only half your period of insurance has been used, so you are entitled to half the annual automatic adjustments to the sum insured.

If you are still under-insured

Home claims

If the home sum insured after the pro rata adjustment is not enough to repair or rebuild your home, then we will add the cover provided by additional feature 2b (safety net home protection) (see page 22).

If you are still under-insured after the pro rata adjustment and safety net home protection, then we will pay you the adjusted home sum insured plus any cover available under safety net home protection. We will not arrange repairs or replacements.

Contents claims

If the contents sum insured after the pro rata adjustment is not enough to repair or replace your contents, then we will pay you the contents sum insured.

Home claims

How we settle home claims

If we agree to pay a claim for loss, theft or damage to your home, we will decide if we will:

- › repair damage new for old **or**
- › rebuild your home new for old **or**
- › pay you what it would cost us to repair or rebuild your home new for old.

When we repair or rebuild your home

We will do our best to obtain new materials that are the same type, standard and specification as when new. If the same is not available, we will use new materials of a similar type, standard and specification that are commercially available and compliant with the latest building regulations.

When we cannot match materials

If we cannot find new materials to match undamaged parts, we will use the closest match available to us.

If you are not satisfied with the materials we find as the closest match:

If we agree, you can pay the extra cost of replacing undamaged parts of the home to achieve a uniform appearance.

Or we will pay you what it would have cost us to repair or rebuild the damaged part.

Repairing or rebuilding damaged parts

We will only repair or rebuild the parts that are damaged by an insured incident. You cannot claim to replace undamaged parts of your home to create a uniform appearance, such as when:

- › **one garage door is damaged**
we will only replace or repair the damaged one, not other doors
- › **roof tiles are damaged**
we will only replace the damaged ones, not the undamaged tiles, even if the undamaged tiles are faded and do not match the new ones used for repairs
- › **roof sheeting is damaged**
we will only replace the damaged roof sheeting, not the undamaged roof sheeting, even if the closest match available to us is a different shade or colour to the undamaged roof sheeting
- › **an external wall is damaged**
we will replace the damaged parts of the wall, not undamaged areas of the wall or other sides of your home.

For circumstances where we will repair or rebuild undamaged parts read the following pages.

When we will repair or rebuild undamaged parts

If we cannot match the new materials with the undamaged parts, if necessary, we will only pay extra to create a uniform appearance when:

› wall tiles are damaged

we will pay up to **\$750** extra for each incident to replace undamaged wall tiles in the same room, stairs, hallway or passageway* so they match or complement new tiles used for repairs

› other wall coverings are damaged

(e.g. paint, wallpaper, wood panels, but not tiles) we will pay extra to paint, wallpaper or replace undamaged wall coverings in the same room, stairs, hallway or passageway where the damage occurred

› floor coverings are damaged (including tiles)

we will pay extra to replace continuously joined undamaged floor coverings of the same material in the same room, stairs, hallway or passageway where the damage occurred

› kitchen cabinets, cupboards or benchtops are damaged

this is described on the next page.

*For definitions of these terms refer to the diagrams on pages 63 to 64.

Repairing or replacing kitchen cabinets, cupboards or benchtops

We will repair damaged parts of your kitchen

We will repair the damaged parts of your kitchen cupboards, cabinets or benchtops.

When we will replace undamaged parts of the kitchen

To create a uniform appearance, if necessary, we will pay extra to replace undamaged parts of the same cupboard, cabinet or benchtop so that they match the repaired parts.

Same cabinet, cupboard or benchtop means:

- › those parts continuously joined to the damaged parts (this is one 'section')
- › made out of the same materials **and**
- › on the same level.

See the case study on the next page for a visual explanation.

Note

Sometimes replacing the benchtop, door fronts or drawers in the undamaged area is all that is necessary to create a uniform appearance. We will decide what is necessary depending on the circumstances.

Case study

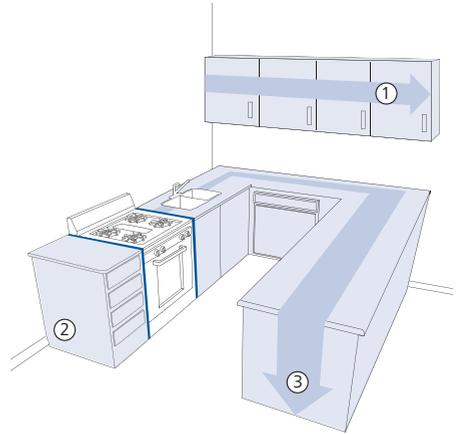

The extent of repairs carried out to match undamaged areas in a kitchen.

To match undamaged areas to the damaged parts, they must be:

- continuously joined and
- on the same level and
- made of the same material.

In this kitchen case study

Areas 1, 2 and 3 will be treated as separate sections. The oven breaks up the bottom level into two sections (e.g. if only section 2 is damaged, we will not pay to replace sections 1 and 3).

What we mean by same room, stairs, hallway or passageway

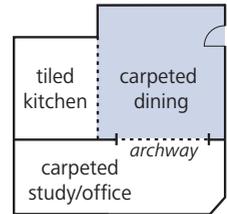

Same room

A room is an area starting and finishing at:

- its nearest walls
- nearest doorway, archway or similar opening of any width
- a change in the floor or wall covering.

A hallway next to a room is not the same room, even if it has the same floor or wall covering as the room.

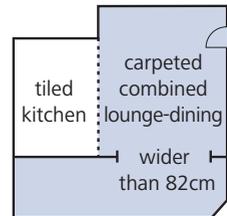

Any archway or similar opening separates a room unless it is a combined lounge-dining room (below).

Combined lounge-dining room

We will only combine rooms with a shared doorway, archway or similar opening when:

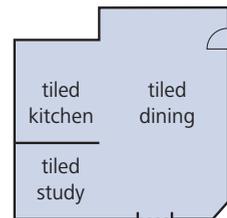

- they are lounge and dining rooms and
- the shared doorway, archway or similar opening is wider than 82cm and
- the floor or wall covering is the same in both rooms.

Open plan areas

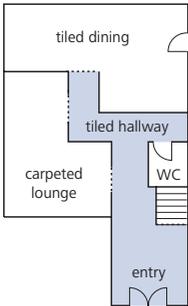

When there is no wall, archway, doorway or similar opening, the room continues until:

- a change in the floor or wall covering
- the nearest wall, doorway, archway or similar opening.

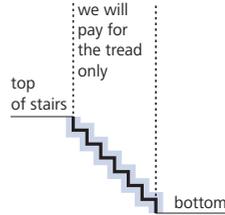

Same passageway or hallway

A passageway or hallway has the same meaning as a room. We will not combine a hallway and a room.

Same stairs

Side view of stairs

Legend

- Shaded areas show the area that we consider the same room, stairs, hallway or passageway.
- Solid lines represent floor to ceiling walls.
- - - Dotted lines show boundaries of a room or area where there is no physical barrier present (e.g. no wall or door).

Dealing with defects

If a known defect is the cause of the damage

We do not pay for loss or damage caused by a defect, structural fault or design fault at your home that you knew about (or should reasonably have known about) and did not fix before the loss or damage occurred.

If an unknown defect is the cause of the damage

If an insured incident damages your home and an unknown defect was the cause or part of the cause, we will pay for the resulting damage. If the unknown defective part is also damaged by the same incident, we will fix this as well.

We do not rectify structural or design faults

When we accept a claim, we will not pay extra to rectify a structural or design fault at your home that existed before the damage occurred. We will only pay you what it would have cost us to fix the damage from the insured incident or if we agree, you can pay us extra to rectify the structural or design fault at your home.

If undamaged defective parts of your home will not support repairs

If undamaged defective parts of your home will not support repairing damage by an insured incident, we will only pay what it would have cost us to repair the damage had your home not been defective.

For known defects or faults

Once you become aware of a defect, structural or design fault at the home, you must rectify it as soon as possible because there is no cover for loss or damage due to that defect. If you do not rectify the defect or fault, we will not offer a renewal of your policy.

Changes to your home

If you want to change the design of your home

When rebuilding your home, if we agree, you can choose to change the design of your home or upgrade parts of it, providing you pay the extra costs of doing this. If you want to downsize your home for less cost than you are entitled to claim, we will not pay more than it costs us to rebuild the downsized home.

Choosing to rebuild on another site

If your home is to be rebuilt after an insured incident you can choose to have your home rebuilt on another site providing you pay any extra costs involved.

Homes to be demolished

If you planned to demolish your home before it was damaged by an insured incident, we will only pay you the demolition value of your home. Without written evidence of your home's demolition value, we will not pay your claim if your home is damaged by an insured incident.

The demolition value is the amount you would have received for parts of your home had you sold them when your home was being demolished.

Planned means you intended to demolish your home, had lodged an application to do this, or a government authority had issued a demolition order.

Lifetime guarantee on home repairs

When we repair or rebuild your home, we guarantee the quality of materials and workmanship of that work for the lifetime of your home if we:

- › authorise **and**
- › arrange **and**
- › pay the builder or repairer directly for this work.

What we guarantee

We guarantee the material used and standard of the workmanship to be free of defects. If a defect arises in the lifetime of your home as a result of poor quality workmanship or use of incorrect materials, then we will rectify the problem.

This guarantee does not apply:

- › to repairs you authorise or make yourself
- › to loss, damage or failure of any electrical or mechanical appliances or machines
- › to wear and tear consistent with normal gradual deterioration of your home (e.g. paint peeling off after its expected life cycle, wood rotting from moisture in the air or ground, roofs weathering or a hot water tank leaking after its guaranteed life)
- › where we agree with a repair quote and we give you, or the builder or repairer, a cheque for the cost of the repairs and you arrange the repairs.

Contents claims

How contents claims are settled

If we agree to pay a claim for loss, theft or damage to your contents, we will decide if we will:

- repair damage new for old **or**
- replace your contents new for old **or**
- pay you what it would cost us to repair or replace your contents new for old.

When we repair or replace your contents

We will repair or replace your contents with new items or new materials that are reasonably available at the time of replacement or repair from Australian suppliers. We replace to the same type, standard and specification as when new. If the same is not reasonably available, it means of a similar type, standard and specification when new. It can be a different brand.

When we cannot match materials

If we cannot find new materials to match undamaged parts, we will use the closest match available to us.

If you are not satisfied with the materials we find as the closest match:

if we agree, you can pay the extra cost of replacing undamaged parts of your contents to achieve a uniform appearance.

Or we will pay you what it would have cost us, but only if we agree to this. We usually insist on replacing jewellery if your cover is adequate.

If you have a claim for the following items:

- obsolete electrical appliances
- paintings, pictures, works of art, sculptures, art objects, collections, memorabilia and antiques (not jewellery)
- refrigerators, freezers, dishwashers, air conditioners, washing machines and dryers with less than a 3 star energy rating

please see pages 59 to 60 for details on how we settle these claims.

Repairing or replacing damaged contents

We will only repair or replace contents that are lost or damaged by an insured incident. You cannot claim to replace undamaged parts of your contents (e.g. when a lounge chair which is part of a suite is damaged beyond repair. We will pay to replace that chair, not the whole lounge suite).

When we will repair or replace undamaged parts

We will pay extra to create a uniform appearance when the following are damaged:

› internal blinds and curtains

if we can't match the new material or parts with the undamaged ones, if necessary, we will pay extra to replace undamaged blinds and curtains in the same room, stairs, hallway or passageway* where the damage occurred.

› carpet or other floor coverings

if we can't match the new material or parts with the undamaged ones, if necessary, we will pay extra to replace undamaged floor carpet and other coverings in the same room, stairs, hallway or passageway where the damage occurred.

*For definitions of these terms refer to the diagrams in the section 'Home Claims' on pages 63 to 64.

Does your claim affect your cover?

After a home claim

If we only pay part of the sum insured to you, your home policy continues for the period of insurance.

If we pay the full sum insured to you, all cover under your home policy stops. There is no refund of the unused premium. If you have been paying premiums by monthly instalments, we will deduct the remaining instalment premiums for the unexpired period of insurance, from the amount we pay for the claim.

After a contents claim

If we pay the full sum insured on your contents after a claim, your contents sum insured is automatically reinstated and cover continues for the period of insurance at no extra cost. You may need to change your insured address or change your contents sum insured. There is no refund of premium if you reduce your sum insured by the amount of your claim.

After claiming for listed contents

If we pay you the sum insured for a listed content item (e.g. a \$5,000 engagement ring), or pay to replace it, cover for that item stops and there is no refund of unused premium. If you want cover for any new replacement item, you will need to contact us and apply for cover for the new item.

What we will do after a claim is paid

Salvaged home contents

We can take and keep any recovered or salvaged item and sell it and keep the proceeds after we have replaced the item or paid you for it.

Our right to recover claims we pay from those responsible

After we pay a claim under this policy, we can decide to take legal action in your name to recover money from the person or entity that caused loss, damage or liability. You must give us all the help we need to do this. If we recover money that belongs to you and was not part of the claim we paid, we will give this to you.

More details

For further examples on how a claim payment might typically be calculated, please refer to our Premiums, Excesses, Discounts and Claim Payments Guide available at gio.com.au/moredetails. A copy of this guide can be provided to you on request, at no charge, if you contact us on 13 10 10.

Other Important Information

Your responsibilities

You must:

- › keep the home, unit and contents well maintained and in good condition, this includes rectifying faults or defects such as fixing roofs, gutters, drains, water pipes and tiled areas when they leak or need repairs
- › maintain locks or alarms in good working condition, especially if we relied on burglary security or monitored smoke detectors being installed when accepting your insurance
- › take all reasonable care to prevent theft, loss, damage or legal liability
- › follow all the terms and responsibilities set out in your policy
- › provide honest and complete information for any claim, statement or document supplied to us.

Not meeting your responsibilities

If you do not meet your responsibilities, we may:

- › reduce or refuse to pay your claim **or**
- › cancel your insurance policy.

If fraud is involved, we can treat your policy as if it never existed.

When you need to call us

When your home will be unoccupied

When your home will be unoccupied for more than **100** consecutive days all cover stops unless, before the home became unoccupied, we agree in writing to continue cover, and you:

- › secure the home or unit against intruders (e.g. window locks or deadlocks) if we ask for this
- › install a monitored alarm with smoke detectors if we ask for this
- › arrange for your mail to be collected, all regular deliveries cancelled, the lawns and gardens to be maintained, a weekly inspection and any required maintenance while you are away
- › pay us any extra premium we require for the increased risk **and**
- › agree to any increased excess that we impose.

When you alter, extend or renovate your home

When you plan to alter, extend or renovate we will not cover you for some insured incidents.

Your legal liability cover is also affected if you spend more than **\$100,000** on building, altering or renovating.

You must also contact us when:

- › you become aware that your home has a defect or is in a state of disrepair (e.g. the roof leaks when it rains)
- › you plan to demolish your home. You must obtain written evidence of your home's demolition value. 'Plan' means you intend to demolish your home, have lodged an application to do this, or a government authority issued a demolition order
- › you move out and let your home to tenants

- › trespassers (squatters) occupy your home
- › you are operating or intend to operate a business activity at your home **except** there is no need to tell us about letting **1** or **2** bedrooms to paying guests, boarders or tenants or using **1** or **2** rooms as a home office
- › details on your certificate of insurance are no longer accurate.

What we will do when you contact us

We will re-evaluate your policy. We might decide to:

- › to continue cover with no changes to your policy **or**
- › offer to continue cover with an additional excess, charge an additional premium or impose special condition to your policy **or**
- › cancel your policy.

We will advise you of our decision in writing.

What happens with cancellations?

Cancellation by you

You can cancel the cover at any time and the cancellation takes effect on the date we receive your request. We will refund any money we owe you less any cancellation fee that might apply and any non-refundable government charges.

Cancellation by us

We can cancel your cover at any time according to law. We will refund any money we owe you less any non-refundable government charges. If we cancel your policy due to fraud, we will not refund any money to you.

Cancellation fee

We incur costs in establishing and administering your policy. If you cancel one or more insured addresses on your policy within the same period of insurance, we will charge a fee.

A cancellation fee will not apply if:

- › you are transferring cover to another home or contents policy with us
- › you are moving to an area where we do not offer insurance
- › you cancel the cover within the cooling off period
- › we cancel the cover for any reason.

Your cancellation fee is based on the number of days remaining in your period of insurance for the address being cancelled. The maximum amount charged on each cancelled insured address is **\$80** (inclusive of government charges), and this amount reduces daily to a minimum of **\$30** (inclusive of government charges).

This fee is deducted from any refund we send you. If the refund is less than the fee, a refund will not be issued and we will not charge you an additional amount to cover the difference.

For policies paid by the month, no refund will be issued.

To report suspected insurance fraud, call 1300 881 725. Let's work together to reduce the impact of insurance fraud on the community.

Financial Claims Scheme

This policy may be a 'protected policy' under the Federal Government's Financial Claims Scheme (FCS) which is administered by the Australian Prudential Regulation Authority (APRA).

The FCS only applies in the extremely unlikely event of an insurer becoming insolvent and the Federal Treasurer making a declaration that the FCS will apply to that insurer.

The FCS entitles certain persons, who have valid claims connected with certain protected policies issued by that insurer to be paid certain amounts by APRA.

Information about the FCS can be obtained from APRA at apra.gov.au or by calling 1300 13 10 60.
